Design features:

- Smooth stainless steel, 18 gauge tubing, satin finish, 1-¼” diameter
- Exclusive, Twist-Lock concealed flange snaps into place for a secure, tamper-proof mounting
- Stainless steel mounting flange is Heliarc welded to the tube to form a single, high strength structural unit that cannot be separated
- All bars have a nominal offset distance of 1-½” (38mm)
- Flat contact surface won’t cut or mar wall surfaces – bar remains stable without further tightening
- 304 Stainless steel mounting flange
- Tested to withstand 500 lbs. of downward load...when properly installed

Code Accepted

CareGiver® Grab Bars meet or exceed performance requirements:

- American National Standards Institute (ANSI) A117.1
- Meets or exceeds HUD, FHA, VA, ADA and other Federal/local codes
